Posters in the Rotunda

This year, up to four (4) MSUM students will have the opportunity to present a poster of their faculty mentored research or creative activity in the Rotunda of the Minnesota Legislature on February 26th, 2014.

The ideal candidates for this opportunity will be students who have already completed a poster for a local (Student Academic Conference), regional, state, or national conference. If you know of excellent students, please encourage them to attend.

Students wishing to represent MSUM at this event need to submit the following by October 31, 2013 EXTENDED NOVEMBER 15th:

- A digital copy of their poster (i.e. the PowerPoint slide in many cases).
- A curriculum vitae.
- A 500 word letter from the student describing why you should be chosen to attend.
- A high quality head-shot photo to be used in the booklet if you are chosen (more information about obtaining these can be found at http://www.mnstate.edu/marketing/photography.aspx).

The above should be submitted as attachments to a single email sent to acconf@mnstate.edu.

Ideal applicants will have strong communications skills, an excellent poster, and a topic and/or story that will be appealing to legislators. Considerations will also be given to sending a diversity of topics.

If you have any questions, please contact:
