Final Transition to StarID

Do you know if the following MSUM services are properly configured with your StarID?

- Mobile email sync
- Mac Mail
- WiFi

Please note that all of the above services should be using your StarID. Using anything else will result in connection issues beginning May 18th, 2015. Make your changes now!

Starting on May 18th, 2015 the login format for Office 365 and/or OneDrive will be:

- StarID@mnstate.edu
- StarID password.

This will also warrant a configuration change for users using the OneDrive for Business Sync application (Windows PC’s only).

Learn how to make these important updates at: mnstate.edu/StarID

If you need assistance, please contact the IT Help Desk at: support@mnstate.edu or 477-2603.
